WESTON, O.A.L.A. CHAMPIONS, OUTPLAY TORONTO-MAITLANDS AT SCARBORO'

Aug 17, 1925
The Globe and Mail

Despite the sweltering heat, there was a large crowd at the O.A.L.A. doubleheader at Scarboro' Beach grounds on Saturday afternoon, when the brilliant Weston team defeated Toronto-Maitlands by 4 to 2, and Irish-Canadians chased the jinx and beat St. Simon's by 7 to 4. Weston had no easy task, as their opponents made a desperate effort to stop their winning march, but the team guided in action by "Toad" Farr had the punch, and won on their merits. The picture shows the attack on the local net that broke up the battle. Weston scoring after using some high-class lacrosse tactics. The players are fighting it out in a duel of wits behind the Toronto-Maitland net. Part of the Velodrome bicycle course can be seen on this unusual but attractive lacrosse field. Weston, in no danger of being headed off in the dash for the play-off series, nevertheless gave their best, and played the lacrosse that has earned them so many admirers.

The five young ladies shown above are the prize-winners of the 1928 graduating class of the Connaught Training School for Nurses at the Weston Hospital for Consumptives, the graduation exercises of which were held yesterday afternoon. In the front row, from left to right, are: Miss Florence Radford, Toronto, awarded the Second General Proficiency Prize, and also the Mary A. Powell Prize for surgical technique, and Miss Laura Monk, Elmwood, Ont., awarded the First General Proficiency Prize. At the rear, from left to right, are: Miss Beatrice Crump, Galt, given the Third General Proficiency Prize; Miss Phyllis Miller, Toronto, awarded the Gagnier Prize in surgery, and Miss Mabel Beadle, Toronto, awarded the Alumnae Association Prize in pediatrics.

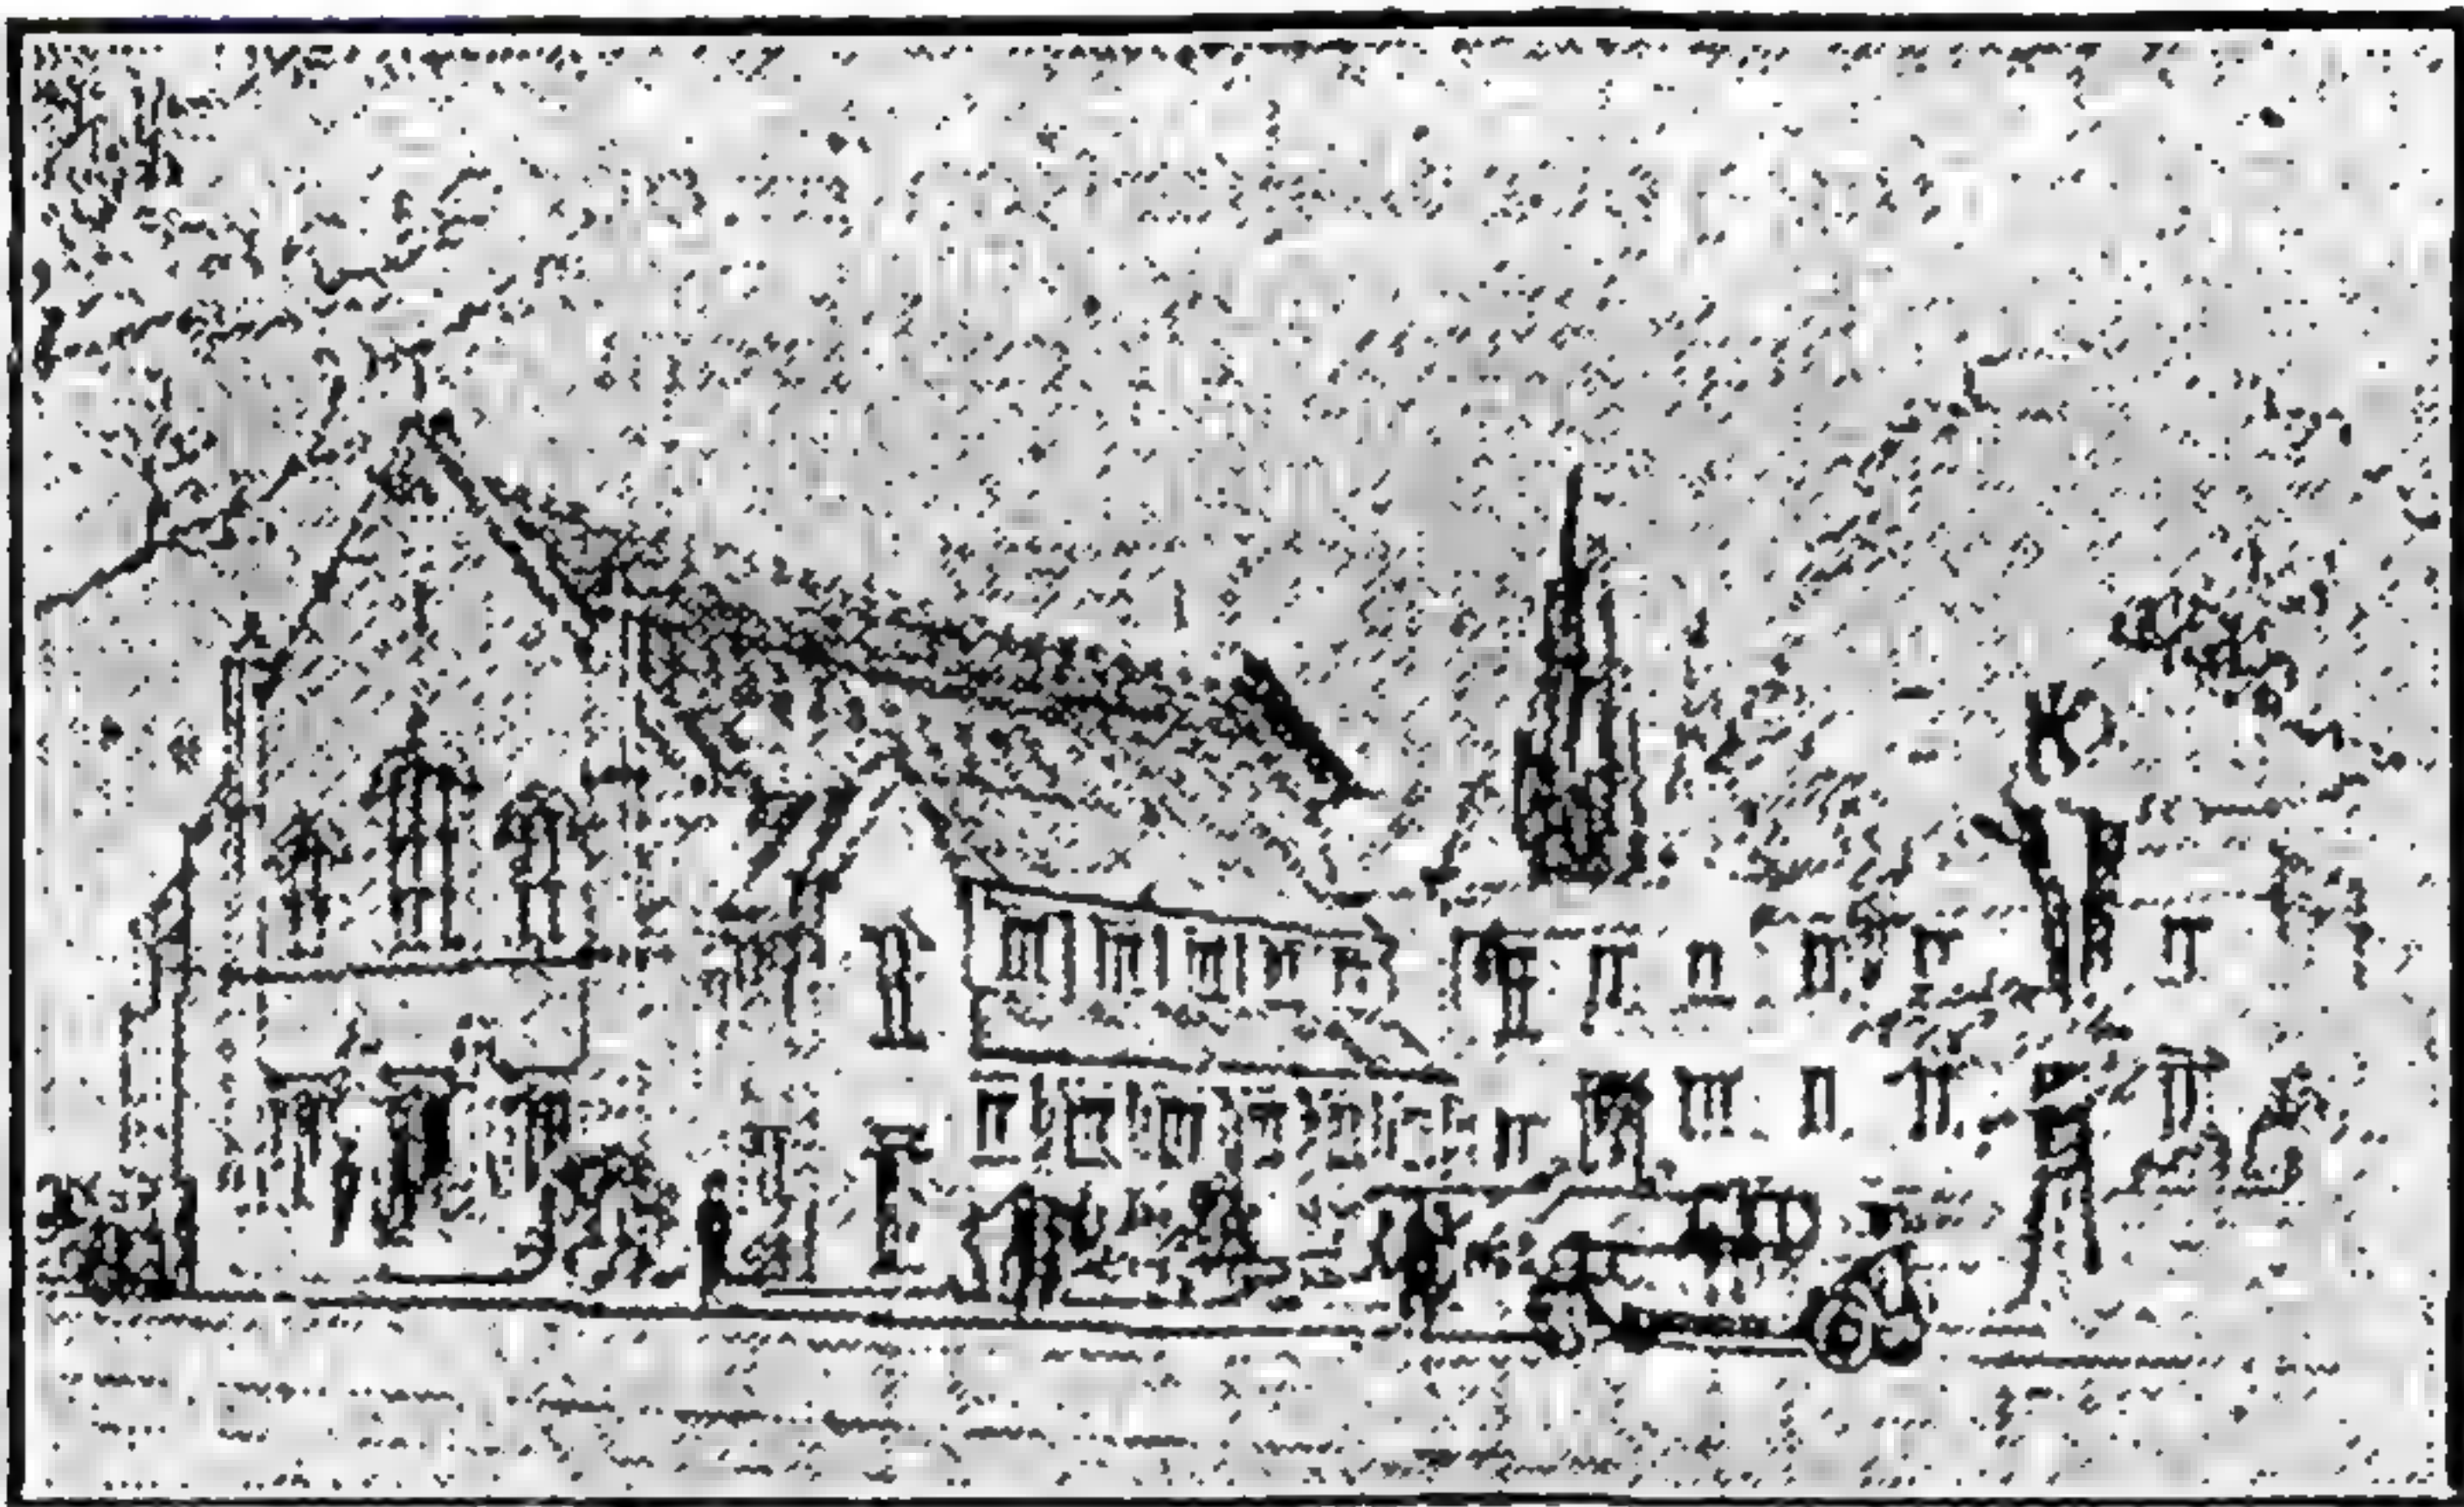

WESTON CHURCH IS 109 YEARS OLD

Central United Church, Weston, which yesterday observed its 109th anniversary. The congregation found its origin in the reign of George IV., and the first log church, the deeds of which are still preserved, was built in 1832. In later years it was replaced by a stone structure, which, however, was demolished in 1837 to make room for the present edifice. All three buildings were erected on the original site at King Street and Main Street, and at the present time, according to Rev. E. Harold Toye, the minister, the congregation is contemplating the erection of a fourth edifice on the same site.

FIRE REMOVES WESTON LANDMARK

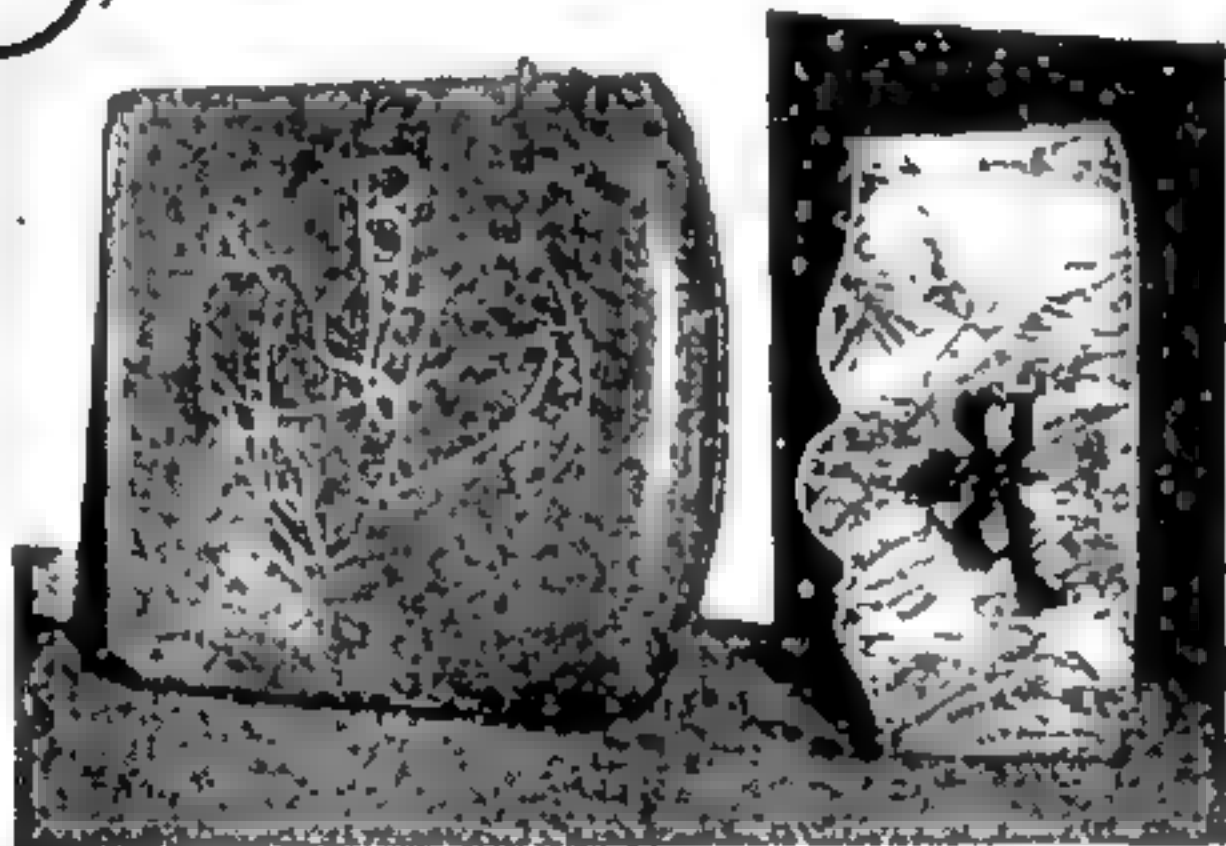

Photographs show scenes at the fire which yesterday destroyed the premises of the Cruickshank Body Company, on Main Street North, Weston. The blaze, which lasted for many hours, was one of the worst in the town's history, and while at its height flying embers landed on the roof of a house fully one-half mile distant, and started a second blaze. The Weston and Mount Dennis fire brigades, assisted by members of the 18th Troop of Toronto Boy Scouts, finally brought the outbreak under control. The building, which was razed to the ground, was a century-old local landmark.

Balmy Breezes, Cheering Children Greet Santa at Weston

Elsie Wurdrupe, Weston drum majorette, led the whole big parade as it passed through crowded Weston streets.

Spring-like weather greeted Santa Claus on his arrival in Weston yesterday. Thousands of young and old greeted the cheery visitor, who was preceded by a mile-and-a-half parade of floats, clowns and bands. The parade was sponsored by Weston merchants. Top picture shows Santa Claus waving to crowds on Main Street, while below he is shown with tiny Bonnie Hawtin, 4, who shared his perch behind the prancing reindeer momentarily.

From a fine vantage point in the new fire hall, 18 patients from Weston Sanatorium watched the big parade. Gladys Ashkewa smiles happily, while Marie Greensides watches her open present received after the parade.

WESTON'S O.A.L.A. JUNIOR CHAMPIONSHIP TEAM

It is a difficult thing indeed for a lacrosse season to end without Weston providing one of the championship teams. The town that produced several O.A.L.A. senior championship teams has now developed a junior aggregation that is titleholder. The above team captured the junior championship Saturday by defeating Brampton 6 to 2, winning the home-and-home-game series by 9 to 3. Reading from left to right, those in the picture are: G. Barron, trainer; M. Shantz, assistant manager; D. McCallum, defense; G. Sonoski, defense; H. Clark, defense; E. Dodd, home; J. Campkin, home; B. Cordick, goal; T. Scott, defense; C. Baldwin, home; R. Arrows and lettering on this air view of the work in progress at the southern end of the four-lane Barrie Highway indicate how major traffic problem is being solved. Highway passes over Wilson Ave., then branches off west to its eventual juncture with the Queen Elizabeth Way and east along new highway which is being constructed

via York Mills, south of Sheppard Ave. to link up with No. 2A four-lane highway east of Highland Creek. Barrie road is being paved with asphalt instead of concrete and one lane may be open this fall; both lanes by July of next year. Ten miles of concrete paving have been completed.

Reeve C. J. McMaster of York Township (upper right), gingerly cut the tape to inaugurate the Weston Road trolley-bus service, last night, while a TTC hostess held the ribbon taut. The buses replace antiquated double-ended trams. Bidding farewell to the last of the "flat-wheelers," Mayor Tom Dougherty of Weston shakes hands with Major (that's his first name) Drew, a motorman of the last tram to trundle through the town. Motor buses will serve Westonians until their main street is widened and repaved, then the trolley coach service will be extended. Rolling sadly past its shiny, new successor, the last tram out of Weston (upper left) ground its way toward Toronto.

Iroquois Relics Found in U. of T. Project Near Weston

—Globe and Mail.
Anthropology students from University of Toronto started a three-day "dig" north of Weston at Black Creek, yesterday, unearthing remnants from a prehistoric Indian village. Al Chaplin, medics student, is pictured with Patricia Orange, pass arts, enjoying music while they dig. In lower picture one of the groups is shown scraping the surface in five-foot square plots.

Bette Ratcliff, left, social and philosophical student from Toronto, cheerfully carried out her job of washing off the pieces found by her schoolmates. Using a paint brush, she carefully washes a hammer-stone found at the site. At right is a close-up view of prize find of the day, a five-inch polished bone awl. Beside it are flint arrow heads and a pipe bowl.

Fresh air and digging combine to make healthy appetites. Margaret Moreland and Barbara Berner of Toronto serve Bill Milligan, Hamilton, and Dave Pelton, Toronto, at open air chow-line. Except for shovels, loaned by the city, and trowels and other equipment from the Museum, all expenses of the "dig" are financed by the students themselves.
